Kobe	3027
Nagoya	3009
Yokohama	2969

JOMARD ENTRANCE to —

Suez	8385
C. of Good Hope	8264
Yokohama	2971

NOTE: The shortest distance between Central Queensland Ports and the Suez Canal is via the Torres Strait. However, for vessels drawing in excess of 12.2 metres the most advantageous route is via Hydrographers Passage thence through Jomard Entrance and north of New Guinea. It is shorter than proceeding southabout and with generally more favourable conditions. e.g. Hay Pt. to Suez (via Hydrographers) 9030', via the Great Australian Bight 9180'.
